

A PASSION FOR HEALTHCARE – A PASSION FOR PERFORMANCE

Our goal is to create a better interaction between consumers and health marketers by creating engaging consumer experiences served up by robust, proprietary technology systems.

Connect with Care is our vision of a health experience that is based on one-to-one connections – connecting consumers to the care and savings they need and marketers to highly qualified consumer interactions.

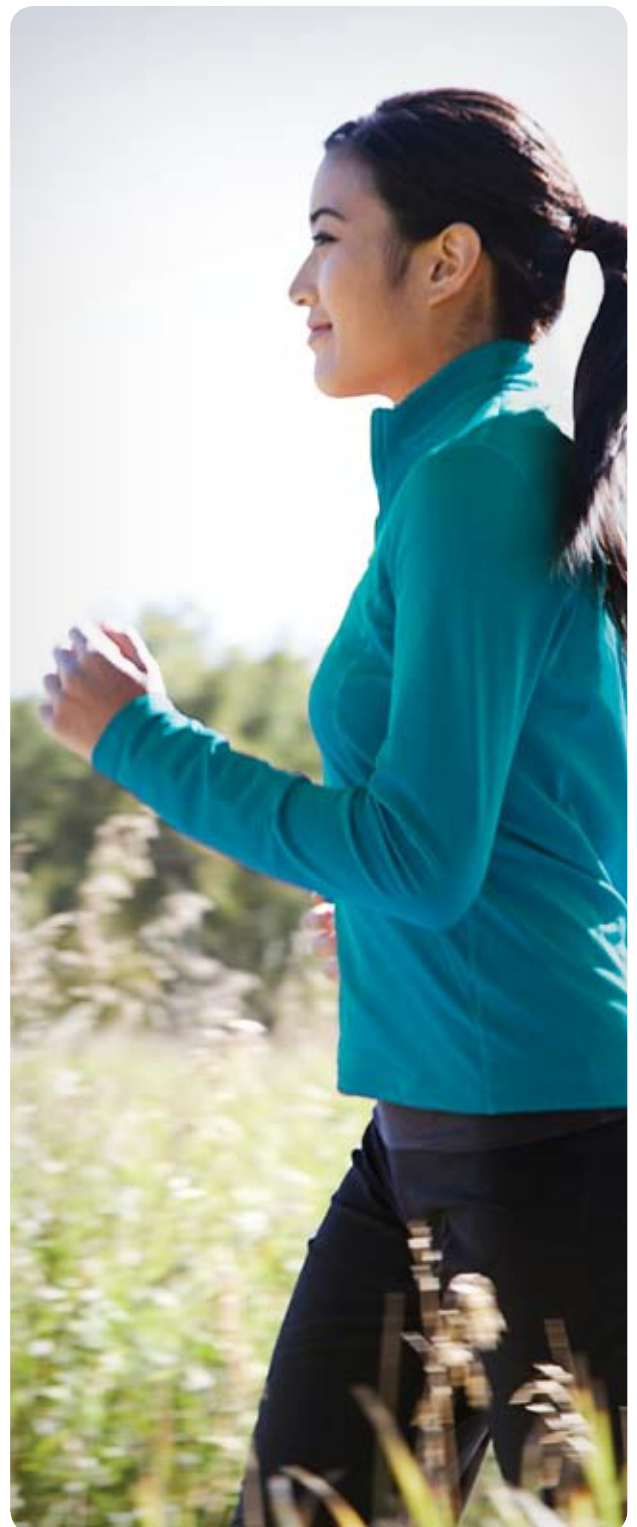

ALLIANCE HEALTH MARKETING PROGRAM

Alliance Health Networks is an online marketing service provider exclusively servicing health-focused advertisers. We excel in targeting consumers by condition, health plan, and geography.

With more than six years of specialization in performance based marketing solutions, our programs provide publishers and advertisers opportunities to take unique advantage of healthcare and social networking trends.

WE OFFER

- Social Health Networks
- Performance Marketing Programs
- Targeted Display Advertising
- Category Sponsorships
- Educational Email Campaigns
- Sponsored Editorial Content
- Product/Brand Sites

SOCIAL NETWORKING PLATFORM

Alliance Health is building a universe of social health networks that unite consumers, healthcare providers, and advertisers in online communities focused on specific health conditions. We are the leading provider of condition-specific social networks designed for patients and caregivers.

We serve consumers as an important connector to other patients, caregivers, products and services.

Our proprietary social networking platform offers:

- Individual Profile Page
- Discussion Boards
- News and Articles
- Product and Treatment Reviews
- Book Club, Recipes and Videos
- Privacy Manager

OUR MISSION

Our Mission is to passionately serve customers and healthcare marketers by creating and growing mutually rewarding connections between consumers seeking to manage their health and the products, services, and solutions that match their needs.

Alliance Health has built one of the industry's best performance-driven healthcare marketing platforms. Our network, brands, and technologies are designed to deliver two critical objectives: greater value to the healthcare consumer and greater efficiency to the healthcare marketer.
